

BT PURPOSE POLICY – INDIA
(“the CSR Policy”)

1. PREAMBLE

BT Group chooses to invest a portion of our profits each year to support our purpose, to use the power of communication to be a better world. We do this through a mixture of cash, time volunteered, products and in-kind contributions. This policy reflects our commitment to purposeful business through the appropriate and transparent use of our resources aimed at delivering long term sustainable outcomes as opposed to short term programmatic interventions.

We carry out all CSR initiatives transparently and in line with BT’s Charity and Volunteering policy and the principles and behaviours set out in The Way We Work.

This Policy, along with the new governance and funding model is in compliance with the companies act requirements (as applicable), whilst remaining aligned to BT Group strategy.

2. PURPOSE IN INDIA AND SUMMARY OF COMPANIES ACT, 2013

2.1. Purpose in India

In 2016, the BT Operating Committee (OC) (now called Executive Committee) approved a new umbrella initiative for India, which is to focus on breaking the isolation of adolescent girls through *a long-term strategic approach focusing on projects which have an emphasis on digital/technology in the way they engage the young people. The intent is to utilize majority of our resources in this area and keep it as our primary focus.* The agreed ambition locally is to make this our key focus.

In order to bring about the degree of social change which lies at the heart of this new strategy, BT intends to work in collaboration with a range of organisations. *The members of this collaboration will be developed over time.*

BT identified this need through diligent research to discover where our purpose (to use the power of communications to make a better world) is least true. The detailed finding of the research is well documented. To test the validity of our findings, BT engaged with experts in the field, from corporates, agencies, NGOs etc. to secure their support for and endorsement of this initiative. The intention of BT is to act as ‘lead convener’ for a collaboration / partnership of organisations who adopt this as their common purpose.

2.2 Regulations
